“

Goldie’s testimony of transformation from a ‘hippie to a princess’ was so powerful; sobs and tears flowed freely. Her honesty opened the hearts of many in our congregation to step forward to receive prayer and inner healing. I would not hesitate one moment to recommend Goldie’s ministry to any church, congregation or group, large or small. —Rabbi Ed Bez, Congregation Zerah Avraham

When the devastation of a second-trimester abortion drove a young Jewish hippie into darkness and despair, she was compelled to break free from the stranglehold of her past!

In 2019, Goldie published a book of her incredible life story, titled, *Rainbow in the Night: A Journey of Redemption*, which took 20 years to complete! And Goldie's captivating life story is now in the process of being made into a movie on the big screen!

Goldie is a client advocate in a pregnancy resource clinic in South Florida where she counsels abortion-determined clients in the throes of the decision-making process.
